

## **Community Action Malvern and District**

At Community Action Malvern and District, we are a lifeline for those who would otherwise be isolated, alone and often confined to their homes.

Our small, Malvern-based charity is dedicated to supporting people aged 60 and over, unable to travel independently, or anyone facing mobility or health challenges. We do this by providing essential transport services and engaging in activities that help them stay connected to the community around them.

Thanks to the generosity of local businesses, fundraisers and our incredible volunteers, we offer opportunities to join regular clubs, events and day trips, giving those we support the freedom to live full and vibrant lives.

Together we are tackling isolation and loneliness one connection at a time.

If you know anyone who is suffering from loneliness or isolation in their own homes, reach out by contacting our charity in the following ways:
